Ophthalmoscope and Retinoscope - Combined.

An up-to-date instrument for the diagnosis of the pathological condition of the interior of the eye without the use of a dark room or diaphragms to dilate the pupil. By its use all errors of refraction are detected and measured to an absolute certainty, without asking the patient any questions—thereby leaving the operator independent of the intelligence of the patient. (Great for children). It is the latest and most wonderful production of optical science. By its use the retina (veins and arteries), is seen as clearly as the patient's face. This costly instrument, but as I have been always deeply interested, and as a specialty of examining and fitting of glasses to the eye. I have kept up-to-date with the latest and best methods and instruments and that the best is none too good for my patrons. They may rest assured that they will get the latest and best service obtainable anywhere derived from long years of practical experience with up-to-date appliances and for the least money.

MAJ. RADFORD

Will Not Get Divorce on Charges of Infidelity.

Frankfort, Ky., Oct. 11.—The Kentucky Court of Appeals today upheld the judgment of the Christian circuit court in refusing to grant Maj. Cyrus Radford of the United States navy a divorce from Florence Robinson Radford on grounds of infidelity.

Mrs. Radford is a daughter of a naval officer. They married at Washington in 1896. They agreed to separate in 1900. Mr. Radford went to New York City to reside. The husband employed detectives there to watch her and they gave rather sensational testimony by deposition against her in the courts here. It was ruled the testimony was incompetent.

CAUSED BY CONVULSIONS

Was Death of Mrs. Wells, Near Pilot Rock.

The wife of Mr. Charles Wells, a merchant near Pilot Rock, died suddenly Tuesday morning. She had not been in good health for some months, but was able to be up the most of the time. When she arose Tuesday she was seized with convulsions and lived only a short while after the attack. She was 35 years old and leaves a husband and four children. The interment took place at Ebenezer Wednesday.

SELLS FARM

Mr. W. F. Fiese has sold his farm near Bennettstown to Mr. Elbert Miles and left here with his family last night for Beloit, Wis., where he will reside. Mr. Fiese came to Christian county from Wisconsin twenty-one years ago. He is a native of New York.

ROY SALMON

Shoots Out His Brains at Madisonville.

Told His Friends He Was Going to Kill Himself, But They Thought It a Joke.

Roy Salmon, a prominent lawyer and Democratic politician, committed suicide in his office at Madisonville Tuesday afternoon by blowing out his brains with a revolver. No cause for the act is known other than that he had not been in very good health for some months and for the past week had been partially confined to his room with chills. Circuit court was in session, and Mr. Salmon had been in the court room most of the day attending to his legal duties. He left about 4 o'clock and held a lengthy conversation with his brother, R. M. Salmon, president of the Crabtree Coal Company, of Illsey, on the street, and seemed to be in the best of spirits.

A few moments later he remarked to friends that he was going to end his life, but was not taken seriously. He then went alone to his office and shortly afterward inmates of other offices located on the same floor were alarmed by the report of a pistol. Forcing their way into his quarters they found him in a dying condition with a bullet hole through his head. He succumbed in a few minutes.

Mr. Salmon served four years as county attorney of Hopkins county and had held many important places within his party. Last winter he was given an office under Auditor Hager at Frankfort, but resigned after serving a short time to resume the practice of his profession. He was 44 years of age and leaves a wife and two children. He was a member of the lodge of Elks.

In 1894 Mr. Salmon was the Democratic nominee for State Senator from this district. At that time he lived in this county. He was born a few miles north of Hopkinsville, and has numerous relatives in Hopkinsville and other portions of Christian county.

LORRY GANT

A Victim of Typhoid Fever in Monterey, Mexico.

Lorraine Gant, the young son of the late Joe K. Gant, who moved with his mother to Monterey, Mexico, several years ago, died in that city last Monday of typhoid fever, after a lingering illness. He was a bright and promising young man and his untimely death is a source of profound sorrow here where he was born and spent his childhood. His sister visited the family of Mr. F. W. Dabney a few months ago.

BLOCK SYSTEM.

I. C. Will Use Block Signals From Louisville to Memphis.

The Illinois Central will have block signals all the way from Louisville to Memphis, a distance of nearly 400 miles. These signals are now completed between Paducah and Central City, and the others will be built between Paducah and Memphis and Central City and Louisville at once.

POLLED SHORTHORNS.

Dr. J. D. Clardy Has a Fine Herd of Sixty.

Dr. J. D. Clardy has an exceptionally fine herd of Polled Shorthorn cattle, numbering about 60 head. This herd is headed by "Kentucky Colonel," a double standard registered bull weighing about 2,000 pounds. Dr. Clardy has bred shorthorns for many years and his herd is hard to equal anywhere.

Former Governor W. Murray Crane has been appointed Senator from Massachusetts to succeed the late Senator Hoar.

MASS MEETING

Developed Nothing Except a Divided Sentiment on Amounts.

The mass meeting at the Court House Tuesday night to consider the sewerage question was organized by the election of Judge W. T. Fowler as chairman.

Mr. J. B. Galbreath, of the Council, and Dr. R. L. Woodard, said \$30,000 was enough for the work in hand and that a proposition for that amount would be more apt to pass.

This view was opposed by Mr. A. J. Casey, who preferred \$50,000 as the amount to be voted on. He proposed a resolution naming a committee to assist the council, but after discussion it was withdrawn.

About the only business transacted was the adoption of the following resolution offered by Mr. Frank Rives:

Resolved, That we, the citizens of Hopkinsville, in mass convention assembled, recognizing the urgent need of an adequate sewerage system for Hopkinsville, endorse the action of the City Council of Hopkinsville in calling an election to vote on the proposition of a \$50,000 bonded issue for sewerage purposes, and that we give them our hearty co-operation and assistance in carrying the same at the coming November election.

The prospects for the passage of the proposition in its present shape are by no means bright. It fact it has been loaded so heavily that it is virtually killed.

TOBACCO MARKET.

Receipts to Date Nearly Fourteen Thousand Hogsheads.

Receipts this week 145 hogsheads of tobacco. Receipts for the year, 13865 hogsheads. Sales for the week were smaller than those of last week, but prices remain about the same. Sales for the year amount to 12561 hogsheads. There were only four hogsheads rejected this week.

R. M. Woodbridge & Co., had a sale of the loose weed on the floor. The kinds sold brought fair prices. As nearly all the old crop has been disposed of, the loose sales are not now so heavy as they were a few weeks back, but as soon as the new crop begins to move, this branch of the business will at once increase.

CALLED A HALT

On the Erection of Cabins Without Permits.

The attention of the Council having been called to the unlawful erection of objectionable cabins around the Virginia street school building, action was taken at the last meeting to stop the erection of any more cabins until permits have been secured, signed by adjacent property owners. The city engineer was instructed to look into the matter and see that no houses are erected without permits. The question of removing those already up was not considered at the last meeting of the Council.

FOR BOLDNESS

This Theft Committed Here Beats 'Em All to Date.

A thief entered the residence of Mr. Clark, T. C. Railroad watchman, on West Seventh street Tuesday night and carried off two pillows, a bolster, comfort and some other bedding. The theft was committed before the family had retired. Members of the family heard the thief in the room, but thought that the noise was made by one of the family and paid no attention to the matter.
